

I'm Prakash Nairr

As a Learning Partner, I specialize in developing the leader in each person, planning and prioritization and emotional intelligence. With over 32 years of experience, I have worked with clients from various sectors to address their organizational learning and development needs. As Head of Learning and Development for Foodworld Supermarkets and Health and Glow, I was instrumental in designing, developing and implementing various Leadership Development and Coaching Excellence Programmes.

Prior to that, as Head of Operations for a training and consulting firm I delivered learning and developmental interventions for many leading MNC clients, including Accenture, Maersk, Microland, Deutsche Bank and HP. My entrepreneurial journey extends to leadership coaching and a keen understanding of training needs, including assessment, developing content, and choosing high-impact learning methodologies.

You will almost always find me engaged in solving crossword puzzles or sudoku. If I'm nowhere to be found, I'm most likely to be buried in a book.
