

I'm Kavitha Sreedharan

Manager-Client Servicing and Administration

As Manager- Client Servicing and Administration at Traincraft, I bring over a decade of experience in Service industries. Having navigated various functions, including sales, customer service and operations management throughout my professional journey, I bring a comprehensive understanding of business operations to Traincraft.

At Traincraft I lead operational excellence. I am the bridge that connects clients, management, and learning partners to deliver high impact training programs. I work closely with the management which enables them to focus on driving positive change.

I feel valued and love being part of all decision making at Traincraft making me an equal contributor to the success of the organization.

When organizations think about positive behavioral change, I imagine TrainCraft to be the first name to come to their minds - being known for its excellence in facilitating positive organizational growth.
